

# E&ES Global Quality Policy

## Our Vision is

To continue to positively impact people's lives with Energy Savings, Fresh Water and Clean Air in a safe, sustainable and increasingly connected way.

## Our Principles, to be the:

-  Customer's Choice
-  Efficient Operator
-  Value Generator
-  Talent Powerhouse

## We aim to

- Enable Operational Excellence & Continuous Improvement with HOS and VPD
- Define Business and Quality objectives through our E&ES's Global STRAP
- Ensure ongoing compliance with all relevant Quality System standards
